

## The Venture's CSI Projects 2022

The Corporate Social Responsibility Projects for 2022 included:

- The Venture heeded the president's call in the National Strategic Plan on Gender Based Violence and constructed South Africa's first free standing brick and mortar fully-fledged Thuthuzela Care Centre (TCC) at the Dilokong Hospital in Limpopo Province;
- The Venture also refurbished the TCC's in Rustenburg and Emalahleni;
- An impressive Multi-Purpose Community Centre at Thewane outside Rustenburg was constructed;
- Three local enterprise development poultry farming initiatives;
- Community portable skills development for 760 unemployed youths;
- TVET College in Mashishing – additional 8 lecture rooms. Established 3 years ago by the Venture and already one of the best performing TVET Colleges with close to 1700 students;
- Electrification of 1800 households in Steelpoort; and
- Sekhukhune Water Project: potable water reticulation to households.
